Modifications can be made to the roster as needed until the pre-tournament meeting at 1700 on 23 October, at which point rosters will freeze. Coaches must verify that all players qualify to participate based on the eligibility restrictions and that everyone has a valid ID card. There is a ZERO TOLERANCE policy regarding use of an ineligible player. Teams found using ineligible players once games have begun will be immediately disqualified from the tournament. Disqualified teams will not receive any refund of the team registration fee. Coaches should communicate all tournament rules and policies with all players and ensure full compliance.

Players should review all tournament rules and policies and ensure full compliance. All players should provide accurate and truthful answers to the questions on the COVID-19 questionnaire. Participant safety is our top priority and should be taken extremely seriously by all players and coaches. Players should ensure that all equipment meets the established regulations and that all bats adhere to the ASA approved list. Players should review the updated ASA approved bat list (<https://www.teamusa.org/USA-Softball/Certified-Equipment/Equipment-Bats>) and ensure that all bats used are on the approved list. There is a ZERO TOLERANCE policy regarding illegal equipment and any team found using illegal equipment will be immediately disqualified from the tournament. It is recommended that all non-ASA bats be left in players' vehicles and not in their equipment bag, to avoid any perception of illegal equipment use.
